WS-ViC-001

Worshipping Sekhmet Policy

Leading Document for Worshipping Sekhmet

The Valkyrie in Command leads this document under her responsibility.

1. Purpose

This policy constitutes the highest, immutable foundation of the entire Worshipping Sekhmet Framework. It is non-negotiable, unchangeable, and not subject to any amendment process. Interpretations are delegated to separate documents and do not alter the binding nature of the principles below.

2. The Four Immutable Core Principles

1. She impacts everyone, always and without exception.
2. Not everyone needs to know everything always.
3. I do not make your decisions and I do not fight your wars.
4. Zero Tolerance for Child exploitation.

3. Scope of Application

This policy applies globally to all elements of Worshipping Sekhmet – without exception.

4. Binding Nature

The four core principles are immutable. They may neither be relativized, interpreted (except via separate interpretative guidance), nor restricted by subordinate documents or decisions.

5. Anchoring

Stored in BC-001 as an immutable foundational block. It is the supreme reference for Worshipping Sekhmet and for every Valkyrie.

6. ViC Conclusion – Valkyrie in Command

“These four statements are the order. They are non-negotiable. She impacts everyone, always and without exception. Whoever violates them loses protection. Whoever upholds them remains bound. This is the foundation on which the Valkyries rise.”
